# AIR FREIGHT

When urgency meets complexity, our air freight solutions take the lead. Logworld offers fast, secure, and efficient transportation for time-critical shipments, including pharmaceuticals, electronics, and perishables. With global airline partnerships and IATA-certified operations, we ensure priority routing, full compliance, and real-time visibility for every consignment.

## DG GOODS

IATA & DG cargo certified to fulfil the standard requirements of our international clients

# SEA CARGO

For businesses moving heavy or bulk cargo across borders, our sea freight service offers unbeatable economy and reach, whether it's FCL, LCL, or breakbulk. Logworld partners with top global carriers to ensure consistent sailing schedules, optimised container routing, and dependable delivery to any seaport worldwide.

## **LCL (LESS THAN CONTAINER LOAD)**

LCL shipping is ideal when your cargo doesn't fill an entire container. Logworld consolidates your goods with other clients, optimizing space and reducing costs.

## **FCL (FULL CONTAINER LOAD)**

FCL shipping gives your cargo exclusive use of a 20 ft or 40 ft container, perfect for large shipments and high-value goods, for secure and faster transit.

# CUSTOMS CLEARANCE

Avoid delays, fines, and complications with our professional customs clearance service. Our experienced team ensures quick processing, correct tariff classification, and up-to-date compliance with all Pakistani and international trade laws, streamlining import/export for every client, every time.

- HS code classification & duty optimization
- Processing of import/export declarations
- Handling SROs, exemptions, & bonded goods
- An experienced team of professionals at all the custom points in pakistan

# DGR CARGO

Transporting hazardous cargo demands extreme precision, and that's exactly what Logworld delivers. We are fully compliant with **IATA DGR** regulations and every step, from packaging to documentation, is executed with safety first. Logworld is fully equipped and certified to handle all **9 classes of Dangerous Goods (DG)**.

- CLASS 1: EXPLOSIVES
- CLASS 2: GASES
- CLASS 3: FLAMMABLE LIQUIDS
- CLASS 4: FLAMMABLE SOLIDS
- CLASS 5: OXIDIZING SUBSTANCES AND ORGANIC PEROXIDES
- CLASS 6: TOXIC AND INFECTIOUS SUBSTANCES
- CLASS 7: RADIOACTIVE MATERIAL
- CLASS 8: CORROSIVE SUBSTANCES
- CLASS 9: MISCELLANEOUS DANGEROUS GOODS

# DEFENCE CARGO

We are trusted by high-security sectors to transport defense-related cargo under strict confidentiality and precision. Our protocols ensure safe handling, controlled access, and adherence to defense ministry regulations, supporting logistics for military-grade equipment, electronics, and mission-critical supplies.

# CRITICAL TIME CARGO

In industries where every second matters, Logworld's Critical Time Cargo service delivers. Whether it's emergency medical equipment, AOG aircraft parts, or production-line components, we provide fastest-route solutions with dedicated logistics support and guaranteed response times.

# LOCAL TRANSPORT

With a dedicated fleet and experienced logistics crew, we ensure smooth cargo movement across all major cities and industrial hubs in Pakistan. Our services cover dry vans, reefers, open trucks, and containerized deliveries with full tracking, safety, and schedule integrity.

# DOOR-TO-DOOR CARGO

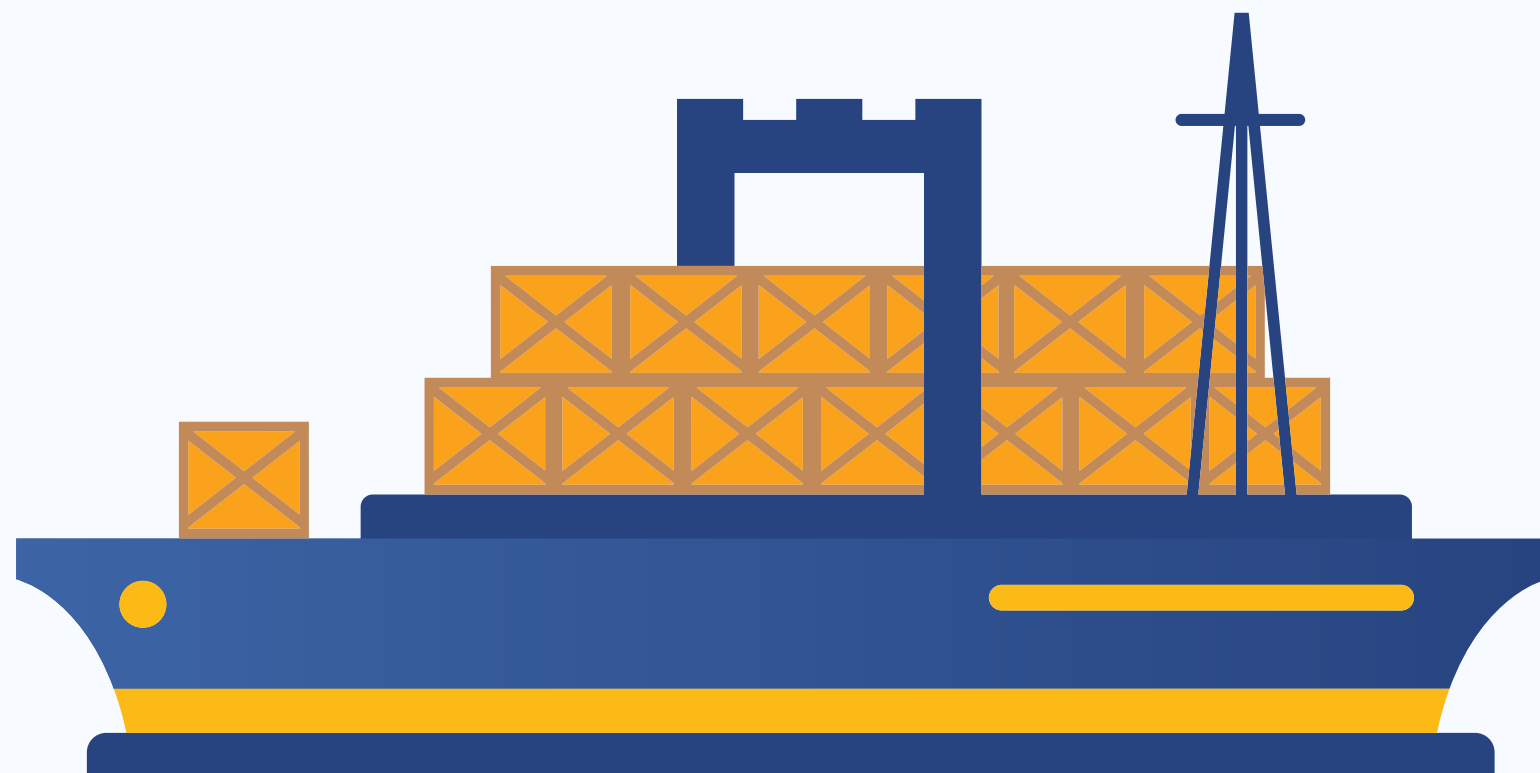

From your supplier's warehouse to your customer's doorstep, Logworld simplifies the shipping journey. Our door-to-door service integrates freight, customs, warehousing, and delivery into a seamless flow—ensuring convenience, cost-efficiency, and control under one roof.

# EXHIBITION CARGO

We specialize in managing exhibition and trade show cargo with precision timing and safe handling. From documentation and packaging to onsite delivery and reverse logistics, our team ensures your materials arrive exactly where and when they need to be ready for display.

# WAREHOUSE MANAGEMENT

Our warehousing solutions go beyond storage. With advanced WMS systems, temperature-controlled environments, and value-added services like cross-docking, labelling, repacking, and inventory audits, we create flexible, scalable logistics backbones tailored to your business.

# CHINA-PAKISTAN ECONOMIC CORRIDOR

As a key trade enabler under the China-Pakistan Economic Corridor (CPEC), Logworld Express provides seamless end-to-end cargo handling from Kashgar, China, to destinations across Pakistan. With deep expertise in cross-border logistics, customs protocols, and high-altitude transport, we deliver a fully integrated freight solution along this vital international corridor.

## KASHGAR, XINJIANG (CHINA)

At the heart of western China's trade gateway, Kashgar serves as a major staging point for goods moving toward Pakistan. Logworld coordinates with licensed Chinese agents and logistics providers to handle

## SOST DRY PORT, GILGIT-BALTISTAN

Upon arrival at Sost, Pakistan's northernmost customs station and dry port, our team ensures swift and compliant import clearance.

## FROM SOST TO FINAL DESTINATIONS

Once cleared, cargo is loaded onto Logworld's inland fleet for delivery to Islamabad, Lahore, Karachi, Faisalabad, and other industrial centres.

## CUSTOMS CLEARANCE IN KASHGAR

At Kashgar, Logworld Express ensures efficient export processing by managing all required customs declarations, documentation, and regulatory compliance as per Chinese customs law. We coordinate directly with local authorities for product classification, export licensing, inspection, and smooth clearance, ensuring the timely movement of goods across the Khunjerap Pass.

## CUSTOMS CLEARANCE IN SOST

Upon arrival at Sost Dry Port, our team oversees the complete import clearance process through Pakistan's WeBOC system. This includes filing Goods Declarations, arranging inspections, calculating duties, and applying exemptions under CPEC or FTA agreements. Logworld ensures fast, accurate processing so your cargo moves swiftly into Pakistan's supply chain.

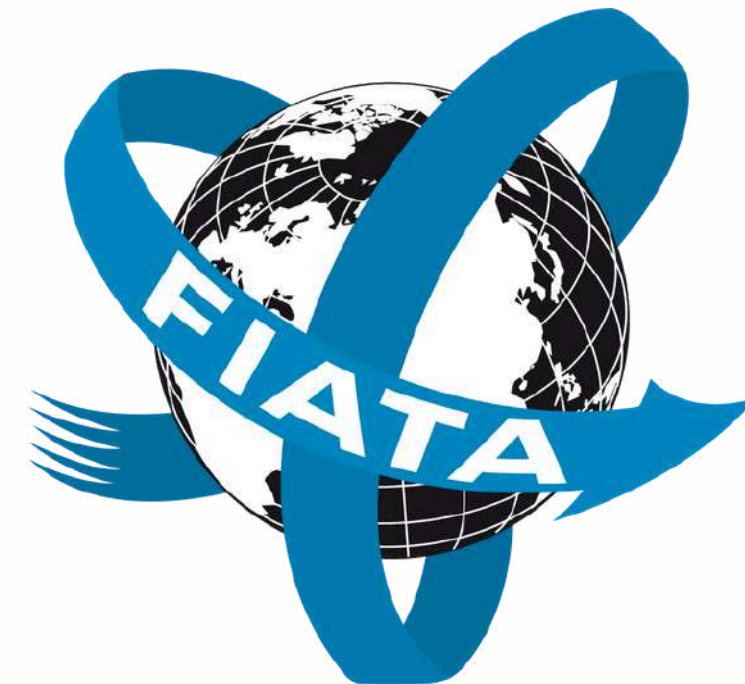

# CSR IN ACTION

At LogWorld, we are committed to implementing sustainable practices in all aspects of our business operations.

We are committed to reducing our environmental footprint through fuel-efficient transport planning, optimised routing, and support for multimodal freight solutions that lower emissions. Our warehousing practices emphasise energy conservation, waste reduction, and responsible packaging.
